POINT OF CONTACT

Green Zebra 2020 Ltd is an Auckland project management consultancy for property, construction and compliance work.

WHY CLIENTS CHOOSE GREEN ZEBRA

One person accountable

Brett manages consultants, contractors, council and funders, so you always know who to call.

On site, not at a desk

Brett is on site, knows the contractors and stays across every detail through to CCC sign-off.

Planned before it is built

Consent strategy, team appointment and procurement come first, so the right structure is in place from day one.

OUR SIX CORE COMPETENCY AREAS

01 Project Delivery

Building or developing? We manage procurement, budget and delivery from brief to handover.

02 Construction & Refurbishment

Refurbishing, repairing after an insurance claim or preparing to sell or rent? We coordinate trades, budgets and programmes.

03 Consenting, Building Compliance & Resolution

Need consents, or have a compliance problem? We manage it through to council sign-off.

04 Planning & Asset Management

Need a long-term plan? We write asset management and long-term maintenance plans.

05 Property Management

Own tenanted property? We act as your landlord's representative for tenancies, repairs and maintenance.

06 Landscape Architectural Design

Need practical outdoor design? Landscape concepts, parks, gardens and playgrounds.

WORK WE HAVE DELIVERED

Hobsonville Marine

Marine precinct, est. \$300M. Consents won through the Environment Court.

UNITEC New Zealand

25-70 projects a year on a live campus, on time and within budget.

Rangitoto College

10-year property plan across 134 classrooms, \$4.5M.

West Auckland RDA

Covered riding facility, ~\$5.3M, with Brett as engineer to the contract.

Basque Road

Leaky apartment building remediated and reinstated.

Auckland residential

High-end homes to 20 and 30-day refurbishments.
